TO WHOM SO EVER IT MAY CONCERN

I am very pleased to have the chance to write this letter for Vinayak Goel who is a student of GD Goenka Vasant Kunj. He volunteered at Ek Pahel NGO over the course of four weeks from 1st October 2023 to 31 October 2023. During the period of his involvement, **Vinayak** assisted with various research assignments, and in the process gained significant exposure to the world of social development and not for profit projects. He has continuously impressed us with his diligence, and has showcased a lot of enthusiasm towards a wide range of research topics of immense social significance.

Ek Pahel B.R. Memorial Welfare Society is a leading Indian Non-Governmental Organisation, set up with the vision to illuminate the future of underserved children and women in India. Founded on 2nd December 2009, by a team of young leaders in Uttar Pradesh, Ek Pahel aims to transform lives by education, empowerment and enrichment of resources and knowledge. We believe that the growth of an individual can significantly improve by quality education, better healthcare facilities, awareness about various social malpractices such as child labour, child trafficking, gender discrimination, domestic violence, skill development, financial and social empower women, and encouragement of social entrepreneurship.

Vinayak has worked as a volunteer under our social development and impact department. Under my mentorship, he gained the skills required to understand grassroots development and impact generation. He was able to work brilliantly in all kinds of teams, but more importantly, consistently displayed the curiosity, determination, and attention to detail required for the task. I wish him all the best and I am very confident that he will be an asset to any academic institution

Your Faithfully
